Open Submission Guidelines

We are taking open submissions to fill one themeless puzzle slot in our **2025 Fall Themeless League**. To enter, you should submit **one** unclued themeless grid (15 x 15 or 15 x 16) for consideration. Please do not submit two drafts of the same grid, say with an alternate upper right corner. Decide on your favorite complete version and give us that.

- This Open Submission process is only open to constructors who have **never** had a themeless puzzle published in the New York Times prior to 8/3/25.
- Constructors who have already constructed a puzzle for any Boswords event are also not eligible to submit a themeless puzzle grid for consideration.
- We welcome collaborations, but if you choose to submit a collaboration, do not also submit a solo puzzle.
- We will be evaluating grids “blind,” with Andrew Kingsley anonymizing the submissions and enforcing the above rules. Send your grid by **Monday, August 25** to Andrew Kingsley at andrewkingsley14@gmail.com with the subject line “Boswords Open Submission” and please include your name in the email. We will notify you by **September 3** whether or not your grid has been selected.

The following pages have information on what we are looking for and guidelines to follow. We look forward to seeing your grids!

Goals of the 2025 Fall Themeless League

We aim to provide a weekly league for crossword solvers that focuses on themeless puzzles. To make this league accessible to as many solvers as possible, each weekly puzzle will have three levels of clues. Solvers may compete as Individuals or as a Pair.

We strive to produce an entertaining one-hour Twitch broadcast that airs on Monday nights at 9:00 PM Eastern that will involve not only the solving of that week’s puzzle but also include elements we feel crossword solvers will find entertaining, interesting, and relevant.

We endeavor to create an environment for frequent, synchronous gatherings of the crossword community while solving puzzles (themelesses) that are not usually a part of the tournament experience. In addition, we want our programming to highlight our (and your) love of puzzles and to showcase not only the people behind the puzzles but also their strategies and techniques for making the puzzles. And, of course, we want this to be FUN for solvers.

If Your Grid Is Selected...

As part of your work with us, we would like to interview you on the Twitch broadcast on the Monday that your puzzle is solved. During our previous Themeless Leagues, we did almost all of these interviews live, and these interviews have been well received by solvers. During this interview time, we also will have a “Featured Solver” appear whose solve we will pre-record and show during the interview. If you want to see any of these interviews from the ten leagues, they

are available at these links: [Fall 2020 Videos](#), [Spring 2021 Videos](#), [Fall 2021 Videos](#), [Spring 2022 Videos](#), [Fall 2022 Videos](#), [Spring 2023 Videos](#), [Fall 2023 Videos](#), [Spring 2024 Videos](#), [Fall 2024 Videos](#), and [Spring 2025 Videos](#). Note that if circumstances make it difficult or impossible for you to appear live on Monday night, we will set up a time with you to pre-record your interview with the Featured Solver.

Payment for your puzzle will be at least **\$500** and will be mailed out to you the day after your puzzle runs. For collaborations, the payment will be divided however you wish.

Constructor Style Sheet

General Thoughts

- We envision most puzzles having dimensions of 15 x 15, but we are open to a 15 x 16 grid if you have a compelling reason to create one.
- For a 15 x 15 puzzle, 72 words is the maximum allowed. We would like most constructors to stick with 68- or 70-word grids if possible to strike the perfect balance between challenge and smoothness. But if you would like to attempt a 62-, 64- or 66-word grid—or on the other end, if you want to do a 72—this is certainly fine. FYI, the table below gives the word length frequency of the 110 puzzles (including Practice and Preseason puzzles) that we have presented in the ten Themeless Leagues. (The 73-word puzzle was a 14 x 17 puzzle, and the 71 and 75-word puzzles were 15 x 16 puzzles.)

Words	62	64	66	68	70	71	72	73	75
Frequency	2	3	9	21	43	1	29	1	1

- As mentioned earlier, we offer three levels of clue sets for each themeless puzzle so that we can serve as broad an audience as possible. As far as what these degrees of difficulty mean, we intend for **Smooth** clues to be at a Tuesday NYT level, **Choppy** clues to be at a Friday NYT level, and **Stormy** clues to be a bit harder than a Saturday NYT level.
- If your grid is selected, we ask that you undertake writing **two of the three** sets of clues: **Stormy** plus one other of your choosing. (When constructors have done two sets, most constructors did Stormy and Smooth clues -- John filled in the Choppy Clues.) You are certainly welcome to write all three sets of clues, and most constructors in recent leagues chose to do so. But if writing three sets of clues does not excite you or seems too daunting, we want you to have the option not to.

Things to Put in Your Themeless Grid Fill

- Colorful vocabulary
- Standalone phrases (try not to have a dominating entry that needs the clue to fill in an initial article, e.g. (WAY WE WERE / [Streisand-Redford film, with "The"])

- Evocative and relatable verbal expressions
- Representation of a wide-ranging variety of classic disciplines and pop culture
- A sprinkling of entries that put across your unique vibe or are meaningful to you (finely balanced against the above). Please do your best to ensure that these entries—as well as the fill overall—are well-known enough, or inferable enough through common sense or through crossings, that **Smooth** solvers could still have a chance at getting it.

Things to Minimize in or Keep Out of Your Themeless Grid Fill:

- Rebus elements (in an online competition, rebus squares would be problematic)
- Roman numerals (may be allowed depending on context)
- Partial words such as “TO BEG,” “YES I” (one partial is permissible per puzzle)
- Variant spellings
- Unfamiliar or uninferable abbreviations and acronyms
- Frustratingly niche vocabulary
- An overworked quantity of au courant entries that compromises surrounding fill too much

Clueing

Similar to our hope that your grid fill will contain a few personal elements, we would be glad to have your clueing reflect your singular voice. Provided we can hear that voice coming through, rather than the drone of a clue database, we will try to make sure that the editorial process preserves your flair rather than stamps it out.

Entries and Grids from previous Themeless Leagues

The next two pages have a list of all entries of 10 letters or more used in the ten previous Themeless Leagues. We provide this list so that you can see if a seed entry or marquee entry that you are considering was used in the previous leagues. Ideally, we would not reuse terrific entries from past leagues as we will have many of the same solvers.

But certainly there may be some repetition in that not every 10+ letter entry would be considered amazing (e.g. BRIEFCASES, ENROLLMENT) but we provide them all so that you can see what has been used, and we trust that you know the difference between amazing and a solid, unremarkable word.

After the list of entries, we have provided the solution grids to all puzzles from the ten leagues in case you are interested in seeing what grid patterns have been used in the past. We certainly do not mind seeing grid patterns from you that are similar to these; we simply provide them in case you are curious about seeing the grids of puzzles that have come before.
